If you're up to the challenge, we won't let you down.

“ The activities were fantastic, but what made the difference were the people. Everyone at Call of the Wild made us feel so welcome, even when we were being troublesome. The weekend was wet, wild and wonderful!

Location

South Wales is unique for its outstanding and spectacular beauty. At its heart are the Brecon Beacons, set within the 519 square mile Brecon Beacons National Park with its untamed and unspoilt rugged peaks, mountain lakes and green valleys.

Our location in the Park provides us with the ultimate natural adventure playground. It is therefore a leading destination for activity and adventure holidays.

Mix the surroundings with the distinctive Welsh hospitality and culture – plus the fantastic nightlife – and you have an irresistible recipe for some action packed and exhilarating last days and nights of freedom.

The Beacons are a renowned training ground for the armed forces, notably the SAS – keep your eyes peeled girls!

The activities were superb, the accommodation faultless, the staff friendly and helpful.

Our location

Your hen trip would not be complete without a superb night out. We are ideally situated to take advantage of Swansea – the nightclub capital of Wales. Clubbing in Swansea is an experience that you will never forget. The city centre is buzzing with activity and a wide selection of bars, pubs, clubs and restaurants. Be sure to take a camera as there will be plenty of material for the wedding reception! You should also remember that all the accommodation we use have bars that stay open late.

Popular combinations are:

- Canyoning on Saturday with a quad activity day on Sunday

There really is something for everyone.

We were all taken aback by the warm hospitality from everyone. We were made to feel very welcome. I lost count of the times people stopped to wish me luck and congratulate me whilst we were in Swansea on the Saturday night.
